Water Testing Drive in the Villages

Organizer

MSW, Dr. Bhimrao Ambedkar University, Agra

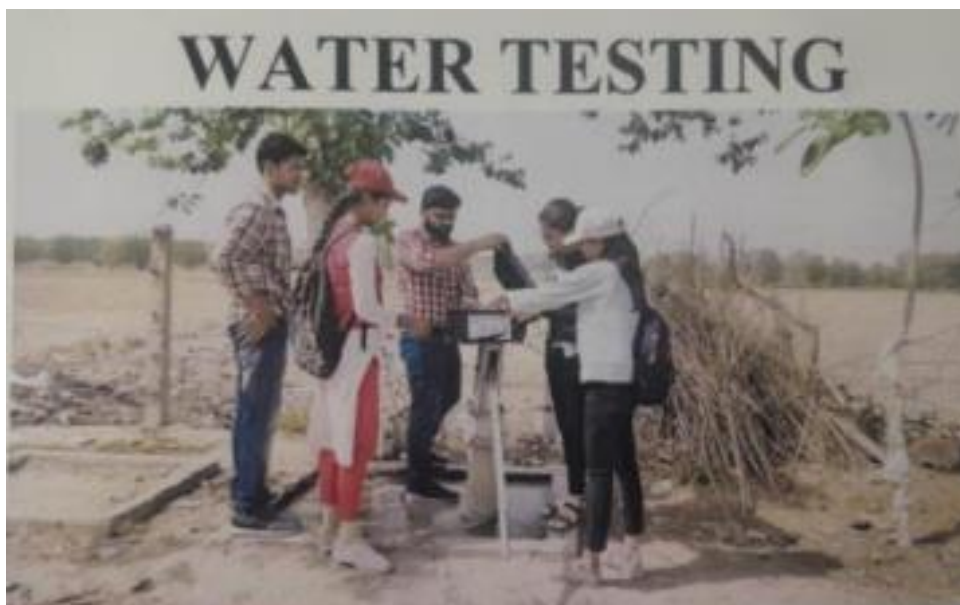

No. of Participants: 100

Date: 08.05.2022

Details of the Program: Students took a significant step towards improving the health and well-being of rural communities by organizing a water testing drive in villages. The primary objective of this initiative was to assess the quality of drinking water sources and identify potential risks associated with water contamination. By doing so, the students aimed to contribute to the overall improvement of the villagers' living conditions and promote a healthier lifestyle. Using professional water testing kits, the team collected water samples from various sources, such as hand pumps, wells, and boreholes, which are the primary drinking water sources in these rural areas. The samples were labeled appropriately and promptly transported to a certified laboratory for analysis.

Findings:

The results of the water testing drive revealed both encouraging aspects and areas of concern. In some villages, the water quality met acceptable standards, indicating a relatively lower risk of waterborne diseases. However, in certain locations, the presence of contaminants and high TDS levels posed significant health hazards, particularly to vulnerable groups like children and the elderly.

Water Testing Drive in the Villages

Organizer

Department of Social Work, Dr. Bhimrao Ambedkar University, Agra

No. of Participants: 83

Date: 22.03.2023

Details of the Program: This activity was organized by Department of Social work. Students took a significant step towards improving the health and well-being of rural communities by organizing a water testing drive in villages. The primary objective of this initiative was to assess the quality of drinking water sources and identify potential risks associated with water contamination. By doing so, the students aimed to contribute to the overall improvement of the villagers' living conditions and promote a healthier lifestyle. Using professional water testing kits, the team collected water samples from various sources, such as hand pumps, wells, and boreholes, which are the primary drinking water sources in these rural areas. The samples were labeled appropriately and promptly transported to a certified laboratory for analysis.

Findings:

The results of the water testing drive revealed both encouraging aspects and areas of concern. In some villages, the water quality met acceptable standards, indicating a relatively lower risk of waterborne diseases. However, in certain locations, the presence of contaminants and high TDS levels posed significant health hazards, particularly to vulnerable groups like children and the elderly

Details of the Program: The University conducted a free health camp in collaboration with community medicine department in different villages in Agra, aimed at providing essential healthcare services to the villagers. As part of our efforts to promote inclusivity and prioritize women's health, we also offered free personal checkups for female villagers. Witnessed overwhelming participation from the villagers, with special attention to female residents. Our team of medical professionals and student volunteers worked tirelessly to provide general health checkups and address female-specific health concerns. The personal checkups for women proved particularly beneficial, as they often face barriers to accessing specialized healthcare. Through this initiative, we identified and addressed various health issues among the villagers, fostering a sense of community engagement and social responsibility. Our aim was not only to improve healthcare access but also to raise health awareness and promote preventive measures.

Details of the Program: The students embarked on a noble journey to uplift the hygiene and sanitation conditions in various villages of Agra through a Swachhata Abhiyan. This initiative aimed to promote cleanliness, awareness, and community participation to create a healthier living environment for rural communities. The primary objective of the Swachhata Abhiyan was to address the prevailing issues of unclean surroundings, open defecation, improper waste disposal, and limited access to clean water in the selected villages of Agra. By working hand in hand with the villagers, the campaign sought to create sustainable behavioral changes and promote a sense of collective responsibility towards cleanliness.

Date: 04.07.2023

Details of the Program: Department of Social Work organized a series of activities in Sunari village to promote the importance of education and create awareness among the villagers. These activities included a rally, a street play. Following the rally, we organized a street play on the topic of the importance of education. The street play was performed at Anganvadi Kendra (Sachivalaya) in Sunari village, attracting a large audience of villagers. The play depicted various scenarios showcasing the positive impact education can have on individuals and communities. Through powerful dialogues and engaging performances, we aimed to raise awareness about the benefits of education, such as improved livelihood opportunities, enhanced critical thinking skills, and the ability to make informed decisions. We also addressed prevalent issues such as gender inequality in education and the importance of providing equal educational opportunities for all.

विश्वविद्यालय में छात्राओं द्वारा बापू बाजार का आयोजन

आगरा, यूपी संदेश। डॉ. भीमराव आम्बेडकर विश्वविद्यालय आगरा में गृह विज्ञान संस्थान की छात्राओं ने प्रो. अशला मखड्गे एवं प्रो. अर्चना सिंह के निर्देशन में हर साल की तरह इस वर्ष भी बापू बाजार का आयोजन संस्थान में किया। बाजार का शुभारंभ विश्वविद्यालय की माननीय कुलपति प्रो. आरू रानी द्वारा किया गया। प्रति वर्ष इस बापू बाजार का मुख्य उद्देश्य घर के पुराने और काम आने वाले सामान, वस्तुएं, व कपड़े आदि को गरीब तबके के लोगों को उनके स्वाभाविक बिना देस पहुंचाए त्रिवायवी दरों में उपलब्ध कराया जाना है। माननीय कुलपति जी ने बापू बाजार का आयोजन किया व इसके द्वारा समाज के प्रति कैसे अपना सहयोग दे सकते हैं, इस पर प्रकाश डाला। इसके साथ ही कार्यक्रम में संस्थान के महिला पारामर्श संगठन द्वारा बस्ती से आर्द्र महिलाओं को संक्रामक रोगों से बचाव हेतु जानकारी

प्रदान की गई। प्रो. अशला मखड्गे ने बताया कि संक्रमण से बचने के लिए समय पर टीकाकरण करवाएं, स्वच्छता का ध्यान रखें, फर्श आदि साफ करने के लिए कीटाणुनाशक पदार्थों का प्रयोग करें, खांसते व छींकते समय मुँह पर रुमान रखें व उचित दूरी बनाए रखें। प्रो. अर्चना सिंह ने बताया कि संक्रामक बीमारियों से बचने के लिए कुलर में पानी ना भरा रहने दें, कपड़ों को रोजाना साफ करें, हाथों को २० सेकेंड तक साबुन से धोएं, उपयुक्त आहार का सेवन करें एवं संक्रमण ठीक ना होने तक घर पर ही रहें। डिपार्टमेंट ऑफ ह्यूमन डेवलपमेंट एंड फैमिली स्टडीज की शिक्षिका डा. नेहा सक्सेना ने महिलाओं को बताया कि इस समय संक्रामक रोग जैसे डेंगू, डायरिया, मलेरिया आदि बहुत फैल रहा है इसलिए इनसे बचने के लिए कुछ बचाव करना बहुत जरूरी है जैसे पानी इकट्टा ना होने दें, मच्छरों से बचाव हेतु स्प्रे करते रहें, अपनी अंख नाक कानों को यदि हाथों से न छुएं, शुद्ध पानी पिएं, भूल मिट्टी से बचाव करें, जाली में सोये एवं बीमार होने पर डाक्टर की सलाह जरूर लें।

बापू बाजार में ३००० रूपए तक की विक्री हुई जिसमें कई सार्डी, पैट, शर्ट, बच्चों के कपड़े, छिछोरे, गर्म कपड़े, जूते चप्पल आदि बिके। कार्यक्रम के आयोजन में संस्थान की शिक्षिका डॉ. रश्मि शर्मा, डॉ. ममता सारस्वत, डॉ. सपवित्रा शीतल, डॉ. दीपिका सिंह, शिवा यादव, डा. अरुणमा गुला, वनू प्रिया का सहयोग रहा और कार्यक्रम में शारीरिक शिक्षा विभाग के प्रो. पंवीर सिंह भी उपस्थित रहे। संस्थान की समस्त छात्राएं चणिका, प्रियंका, अनिष्का, हुडा, रागिनी, अलीशा, इंशा आदि उपस्थित रहीं व लोगों को पॉलिथिन न प्रयोग करने के लिए मार्गदर्शन करती रहीं जिसके लिए उन्होंने लोगों को कागज द्वारा बनाये गए थैले वितरित किये। पर्यावरण बचाओ व स्वच्छता का संदेश भी छात्राओं द्वारा दिया गया। संस्थान के सभी कर्मचारियों ने बापू बाजार के आयोजन को सफल बनाने में सहयोग दिया।

को रोकथाम करने और उपचार के बारे में जागरूक करने में और सहायता मिलेगी. एसटीडीसी के निदेशक डॉ. संजोव लवानियां ने बताया कि लोकगीत, नुक्कड़ नाटक समुदाय को जागरूक करने में अहम साबित होंगे. उन्होंने कहा कि टीबी को मात दे चुके टीबी चैंपियन को भी इस जागरूकता कार्यक्रम में शामिल किया जाए.

अच्छा प्रयास

एसटीडीसी के डॉ. अनुराग श्रीवास्तव ने बताया कि दिन समुदाय को शामिल किए स्वास्थ्य के किसी भी मुद्दे के लक्ष्य को नहीं पाया जा सकता है. सामुदायिक रेडियो की यह अच्छी पहल है. जिला पीपियर समन्वयक कमल सिंह ने बताया कि बच्चों में सोशल मीडिया और रेडियो को लेकर काफी उत्सुकता है. सामुदायिक रेडियो के जरिए बच्चों भी टीबी के प्रति जागरूक हो सकेगे.

प्रोजेक्ट के मुख्य उद्देश्य

- टीबी और टीबी के लक्षणों के बारे में जागरूकता बढ़ाना
- समुदाय में टीबी परीक्षण बढ़ाने और उनके केंद्र के बारे में जानकारी का प्रसार करना
- टीबी के इलाज की प्रक्रिया व आवश्यकता के बारे में जागरूकता बढ़ाना
- निक्षय पोषण योजना के बारे में जानकारी और इसमें टीबी रोगियों के रजिस्ट्रेशन को बढ़ाना

पांच माह तक चलेगा अभियान

डॉ. भीमराव अंबेडकर यूनिवर्सिटी की जनसंपर्क अधिकारी और रेडियो प्रोग्रामिंग हेड पूजा सक्सेना ने बताया कि यूनिवर्सिटी की वीसी प्रो. आरु रानी के निर्देशन में यह अभियान पांच माह तक चलेगा. इसके जरिये लोगों को जागरूक करके टीबी के प्रसार को रोकने के लिए कार्य करेंगे और तकनीकी सहायक के रूप में रेडियो के इंजीनियरिंग असिस्टेंट इंजीनियर तरुण श्रीवास्तव कार्य करेंगे. इस दौरान एसटीडीसी के डॉ. भरत बजाज व विभाग के अन्य कर्मचारी भी मौजूद रहे.

सामुदायिक रेडियो 90.4 और स्मार्ट संस्था के द्वारा जनपद में पांच माह तक द टीबी चैलेंज अभियान चलाया जाएगा.

सोमवार को इसे लॉन्च किया गया.

Community Engagement and Social Awareness Programs: A Comprehensive Evaluation

Organizer

Department of Social Work, Dr. Bhimrao Ambedkar University, Agra

No. of Participants:

Date:

Details of the Program: Department of Social Work, Dr. Bhimrao Ambedkar University embarked on a transformative journey, conducting various community engagement initiatives in the villages of Sunari, Patholi, Lalgarhi, Talfi ka Nagla, and Akhe Nagla. This report provides a comprehensive evaluation of the diverse programs aimed at enhancing social awareness and uplifting the communities.

Program Diversity and Impact:

The University successfully organized a range of programs, including tree plantation drives, street plays on education, International Day of Yoga events, Swachhta Abhiyan activities, free health camps, Save Birds campaigns, initiatives for a Malnutrition-Free India, and water testing drives. Each program targeted different aspects of community well-being, showcasing the team's commitment to holistic development.

Community Participation and Engagement:

The active involvement of community members was a key highlight of these initiatives. The programs saw enthusiastic participation from villagers, fostering a sense of ownership and encouraging sustainable community development. Through interactive sessions and collaborative efforts, the team established meaningful connections with the locals, ensuring the initiatives resonated with their needs and aspirations.

Social awareness impact

The initiatives significantly raised social awareness in the villages. The street plays effectively conveyed the importance of education, while programs like International Day of Yoga promoted physical and mental well-being. Swachhta Abhiyan and Save Birds campaigns instilled a sense of environmental responsibility. The Free Health Camps addressed immediate healthcare needs, and the Malnutrition-Free India campaign aimed at long-term nutritional well-being.

Sustainability and Long-Term Impact:

Efforts were made to ensure the sustainability of the initiatives. Community members were educated about ongoing practices, empowering them to continue tree plantation, maintain cleanliness, and promote education. Furthermore, knowledge-sharing sessions equipped villagers with skills for water testing and bird conservation, fostering a culture of self-sufficiency and long-term impact.
