(a) Percentile Scores are normalized scores across multi session papers and are based on the relative performance of all those who appeared for the examination in this subject. The marks obtained are transformed into a scale ranging from 100 to 0 for each session of examinees.

(b) The Percentile Scores indicates the percentage of candidates who have scored EQUAL TO OR BELOW (same or lower raw scores) that particular candidate in that session.

(c) The Percentile scores of a Candidate have been calculated as follows:

$100 \times \frac{\text{Number of candidates appeared in the 'Session' with raw score EQUAL TO OR LESS than the candidate}}{\text{Total number of the candidates appeared in the 'Session'}}$

(d) The Percentile Score of the Total is NOT an aggregate or average of the Percentile Score of individual papers.

(e) Percentile score is not the same as percentage of marks obtained.
