MASTER OF COMMERCE (M.COM)

(APPLIED BUSINESS ECONOMICS)

as per

NATIONAL EDUCATIONAL POLICY-2020

Course Offered

MASTER OF COMMERCE (M.COM)

POST GRADUATE PROGRAM

Eligibility for Admission in M.Com. in Applied Business Economics

First Semester:

- The minimum qualification for admission in M.Com shall be three years Bachelor's degree in commerce including B.Com. Vocational (Three years) with at least 40% marks in aggregate or CGPA 4.0.
- The admission process shall be based on academic merit, written test and interview, as per decision of the university.

Attendance:

University rules regarding attendance will be adhered.

Assessment Pattern:

1. Each core or elective course in each semester shall be of 100 marks. Out of these marks, 25 marks (Internals) in each course shall be awarded on the basis of at least two periodical tests to be conducted by the teacher concerned during the semester. At end of each semester there shall be a term examination of each course and the same shall carry 75 marks. The Research Project shall be of 100 marks at the end of each semester. The marks shall be awarded jointly by the internal and external examiners on the basis of research report, viva-voce and records.
2. (a) Internal & External examination and evaluation will be conducted according to norms and schedule laid down by NEP/University/Institute.
(b) A student must get 40% marks or 4.0 CGPA in each theory paper in internal and external exam separately. To pass the course the candidate must score 50% marks or 5.0 CGPA in aggregate.

Continuous or Internal or Mid Term Assessment:

Continuous Internal Evaluation shall be based on allotted Assignment and Class Tests. The marks shall be as follows:

Assessment and Presentation of Assignment	(04 marks)
Class Test-I (Objective Questions)	(04 marks)
Class Test-II (Descriptive Questions)	(04 marks)
Class Test-III (Objective Questions)	(04 marks)
Class Test-IV (Descriptive Questions)	(04 marks)
Overall performance throughout the Semester (includes Attendance, Behaviour, Discipline, Participation in Different Activities)	(05 marks)

Subject Prerequisites ::

To study this subject a student had the subject(s) commerce stream in UG.

:: Programme Outcomes (POs) ::

- To help students make better decisions.
- To understand the implications of economic laws of supply and demand combined with past sales data and marketing research regarding their target market can help a business with pricing and production decisions.

:: Programme Specific Outcomes (POs)::

- To make the students aware about the Business and Business Environment.
- To develop entrepreneurial awareness among students.
- To motivate students to make their mind set for thinking entrepreneurship as career

RESEARCH METHODS		No. of Lectures: 65
Course Objectives: <ul style="list-style-type: none"> • Explain the concept of Research in business. • Grasp why nations are engaged in research and why their economic growth has accelerated. • Understanding the procedure and process of research business. 		
Pedagogy: <ul style="list-style-type: none"> • Classroom discussion on fundamentals of course and other related aspects. • Practical Sessions and Group discussion 		
Evaluation Scheme: <ul style="list-style-type: none"> • Class Assignments (Subjective and Objective) • Terminal Class Tests • Surprise Quizzes and Viva-voce • Attendance • Term-End Examination 		
Unit	Contents	No. of Periods
I	Introduction to Research Introduction– Meaning & concept of research approach to Research: Inductive and deductive approach. Types of Research, significance of Research in business and management. Review of literature- Meaning, Importance and approaches. Ethical issue in research and Plagiarism.	15
II	Research Problem & Research Design Meaning and Process of formulation of the research problem. Research Design- Meaning and Need for Research Design, Features of Good Research	17

	Design, Types of Research Design: Exploratory/Formulative, Descriptive/Diagnostic. Formulation of Hypothesis- Meaning, types of hypothesis and features of good research hypothesis.	
III	<p>Data Collection & Sampling</p> <p>Types & Sources of Data: Primary & Secondary. Methods of Primary Data collection- Observation, Interview and Survey.</p> <p>Preparation of Questionnaire/Schedule- Meaning of the Questionnaire and guidelines for constructing Questionnaire. Sampling- Meaning, Methods of study and size of sample. Sampling Methods- Probability sampling: simple, random, systematic, stratified, cluster, area, multi stage, proportional, sequential sampling. Non Probability sampling: Convenience, Quota, Snowball, Judgement.</p>	18
IV	<p>Research Reporting and Modern Practices in Research</p> <p>Research Report writing: Importance, essentials, structure/layout, types. Reference and Citation Methods: APA (American Psychological Association), CMS (Chicago Manual Style), MLA (Modern Language Association), Footnotes and Bibliography, Modern Practices: Ethical Norms in Research, Role of Information technology in Research.</p>	15
<p>Suggested Books and Readings:</p> <ul style="list-style-type: none"> • Research Methodology: C.R. Kothari. • Research Methodology: Sadhu & Singh • Text of Research Methodology: P.C. Tripathi. • Research Methods in Economics and Business: R. Ferber & Verdoom <p>Note- Latest edition of the text books should be used.</p>
