If a student secures admission in a college based on their first preference and subsequently wishes to take admission in another college, they may cancel their earlier admission by submitting a written application to the concerned college within 15 days of admission. In such cases, the college shall refund 90% of the fee paid by the student.

The fee refund process must be completed within one month.

If a student cancels their admission after one month from the date of admission, the college shall refund only 75% of the fee paid by the student.
